## **Wrist Strap**

(Part No.: 205x.750.x )

- Adjustable, elastic band with silver-coated threads
- Hypoallergenic, no metal in skin contact
- Adjustable to fit any wrist size
- Insulating outer side
- According to EN 61340-5-1
- GS-tested and CE conform

### Properties:

Snap sizes:	3 mm, 7 mm
Overall length:	200 mm
Band thickness:	2 mm
Weight:	10 g
Elasticity:	10.000 cycles with 170 %
Elasticity factor:	2 : 1
Outside insulation:	> 1GΩ
Operating temperature:	0 - 40°C
Colour:	light blue or dark blue

### Electrical properties:

	Test standard	Typical values	Requirements
Resistance to groundable point $R_G$ (Wrist Band not worn)	EN 61340-5-1	100 - 200 Ω	$\leq 1 \times 10^5 \Omega$
Resistance to groundable point $R_G$ (Wrist Strap as worn **)	EN 61340-5-1	1 - 3 MΩ	$7,5 \times 10^5 \leq R_G \leq 3,5 \times 10^7 \Omega$

\*\* In combination with the appropriate coil cord.  
Appropriate coil cords with snap or banana plug:  
Part No.: 2100.752.x und 2101.752.x
